YOGESH KUMAR SINGH

UI/UX DESIGNER | PRODUCT DESIGN

Bengaluru | +91-6360246106 | ys20050911@gmail.com | LinkedIn | Portfolio

SUMMARY

UI/UX Designer with hands-on experience designing web and mobile products, SaaS platforms, and user-centric digital experiences. Skilled in user research, information architecture, wireframing, user flows, prototyping, responsive design, and visual design. Experienced in collaborating with developers to translate user needs into intuitive and functional interfaces.

EXPERIENCE

UI/UX Designer – TummyTales / Incrivelsoft LLC *Jun 2025 – Apr 2026*
Freelance, Remote

- Designed responsive web and mobile interfaces, user flows, wireframes, and interactive prototypes for a maternal wellness platform, collaborating with developers to translate designs into functional product experiences.

UI/UX Designer – Renderverse Private Limited *Mar 2025 – Apr 2025*
Internship, Remote

- Designed dashboard and analytics interfaces for a SaaS platform, improving information hierarchy, navigation, interaction patterns, and usability.

UI/UX Design Intern – Verto.Club *Sep 2024 – Dec 2024*
Internship, Remote

- Designed and refined web-based product interfaces, contributing to user flows, interaction design, and usability improvements while collaborating with design and development teams.

PROJECTS

Bite Buzz – Food App Design *View Project*

- Designed a mobile food-ordering experience with intuitive navigation, clear information hierarchy, and user flows supporting food discovery and ordering.

Rootree – SaaS Website Design *View Project*

- Designed a SaaS website for a Canadian startup, structuring information architecture, navigation, and responsive interfaces around product and analytics use cases.

Matiks – Product Design Exploration *View Project*

- Conducted user research through surveys, analyzed user needs, and designed user flows, wireframes, and high-fidelity interfaces focused on intuitive navigation and engagement.

Google Pay – UX Redesign Exploration *Figma, UX Research, UI/UX*

- Analyzed Google Pay's navigation and payment interactions to identify usability opportunities and developed initial user-flow and interface concepts.

SKILLS

UI/UX Design: User Research, User Flows, Information Architecture, Wireframing, Prototyping, Interaction Design, Usability, Responsive Design
Design Tools: Figma, Framer, Jitter, Canva
AI Design Tools: Ideogram, Figma AI, Leonardo AI, ChatGPT
